

Partner Schools List

The following is a list of private partner schools that collaborate with FGCU-College of Education and welcome FGCU students into their classrooms to fulfill instructor-assigned coursework. Students who are minoring in Education and/or those who have course conflicts that prevent them from participating for a full day on Wednesdays, may use this list to contact schools to schedule classroom visits at their convenience.

NOTE: At no time should students contact public schools in Lee or Collier County Public School Districts for field placements. Students may contact only those schools on this list. Schools should be contacted at least one to two weeks in advance of your intended visit. Please have the information below ready before contacting the school:

1. Grade level that you are requesting
2. Details about the specific course assignment that you will be completing
3. Dates and times of your availability

IMPORTANT: Be prepared to present your Driver License and your FGCU Student ID when checking in at the main office.
